BT Investment Management – Preliminary Final Report (Appendix 4E)

The Directors of BT Investment Management Limited (BTIM or the Company) announce the audited results of the consolidated entity (BTIM Group) for the financial year ended 30 September 2014, as follows:

	% change	30-Sep-14
Total revenue and other income	Up 63%	428,538,681
Net profit after income tax ¹	Up 137%	121,504,043
Profit for the year attributable to members	Up 137%	121,504,043

Explanation of results:

¹ Net profit after tax (NPAT) includes accounting adjustments required under International Financial Reporting Standards (IFRS) for amortisation of employees' equity grants, amortisation and impairment of intangible assets and fair value adjustments on equity-settled converting notes resulting from the acquisition of J O Hambro Capital Management (JOHCM). These non-cash charges are not considered by the Directors to be part of the underlying earnings of the BTIM Group and therefore the Directors believe that Cash NPAT is a more suitable measure of profitability. The adjustments made to NPAT to arrive at Cash NPAT to eliminate the impact of these IFRS adjustments are categorised as follows:

- amortisation of the equity grants less the after-tax cash costs of equity grants made in respect of the current year
- after-tax amortisation and impairment of intangible assets
- fair value adjustments on equity-settled converting notes

Cash NPAT for the financial year ended 30 September 2014 was \$127,016,358 (2013: \$61,883,006) which is an increase of 105% on the prior year.
